

Children Run for Children

Dear Teachers,

“Children Run for Children” is a long-established nationwide charity run initiative that combines physical activity, teamwork, and civic engagement. The program can be implemented easily within regular school life — by individual classes or entire schools.

The Simple Principle

- Students look for sponsors (family, friends, local businesses).
- Sponsors pledge a fixed donation per kilometer.
- On event day, students run or walk a predefined course as many times as they wish.
- Walking is allowed and the event takes place in all weather conditions.
- Total kilometers are multiplied by the pledged amount.
- The school transfers the donation directly to the selected nonprofit organizations.

Why Participate?

- Encourages physical activity and healthy habits
- Strengthens classroom community and teamwork
- Promotes empathy and social responsibility
- Allows students to experience democratic decision-making
- Easily integrated into sports days, project weeks, or school festivals

Proven Nationwide Success

- Over 76.000 participating students
- More than €1,3 million raised for charitable causes
- Active for over 16 years across Austria
- Supported by 7 district offices

Three Project Areas

(Chosen by the Students)

- Social – Support for children and young people in difficult times
- Health – Hospital clowns bringing joy to sick children
- Environment – growing together: sowing hope, planting the future.

Support and Materials

Participating schools receive comprehensive support free of charge:

- planning guides
- sponsor forms
- certificates
- editable letter templates

Our experienced team provides guidance throughout the entire process.
